**Terms and Conditions**

1. BioCRF does not accept any sample with potential biohazard.
2. This service is for Research Use Only. The reagent has not been approved, cleared, or licensed by the United States Food and Drug Administration or any other regulatory entity whether foreign or domestic for any specific intended use, whether research, commercial, or diagnostic.
3. Samples should be sent to BioCRF by users at the appropriate condition (recommended in dry ice).
4. BioCRF makes no representations and extends no warranties of any kind, either express or implied. The results are provided by BioCRF to user "as is".
5. Positive control is included in each library preparation. If library preparation for both control and the samples failed, no cost will be charged. If library preparation of only the submitted samples failed, only the cost of library preparation will be charged.
6. All remaining samples will be disposed 30 days after data delivery. BioCRF will not be responsible for the return of unused samples.
7. After checking instrument performance and invoicing the work, data in FASTQ format and a summary report generated is sent to the user.
8. BioCRF is not responsible for backups of customer data after distribution.
